Office of the Provost and Executive Vice President for Academic Affairs

October 28, 2019

Board of Regents of the University System of Georgia
270 Washington Street, SW
Atlanta, GA 30334

Dear Members of the Board of Regents Awards Committee:

It is my great pleasure to nominate Dr. Donald Webster for the University System of Georgia Felton Jenkins Jr. Hall of Fame Faculty Award. As a professor of Civil and Environmental Engineering at Georgia Institute of Technology, Dr. Webster has truly transformed how core engineering undergraduate courses can be delivered effectively. I am delighted to introduce Don Webster to you as a candidate for this prestigious award.

Dr. Webster has been a member of the Georgia Tech faculty since 1997. He is passionate in

number of the administrative roles he has held over the years in the School of Civil and Environmental Engineering. In addition, Dr. Webster's efforts to connect with students who are traditionally underrepresented in engineering have been particularly successful; for example, eight of his fourteen current and I R U P H U Ph.D. students are women. Don Webster's goal to diversify the next generation of engineering education leaders is also taking shape; his Ph.D. students are becoming faculty members at institutions such as the University of Georgia, University of South Florida, West Virginia University, Cal Poly State University, and Georgia Tech.

Given his long-term commitment to students and his excellence in teaching, Don Webster has received significant recognition for the impact of his efforts. At the Institute level, he haf

Georgia Tech

Faculty Awards Selection Committee
University System of Georgia

Sincerely,

ven W. cLaughlin
Dean and Southern Company Chair
