

TOP SUPPLIER DASHBOARD SETUP

Setting Up Dashboard Security

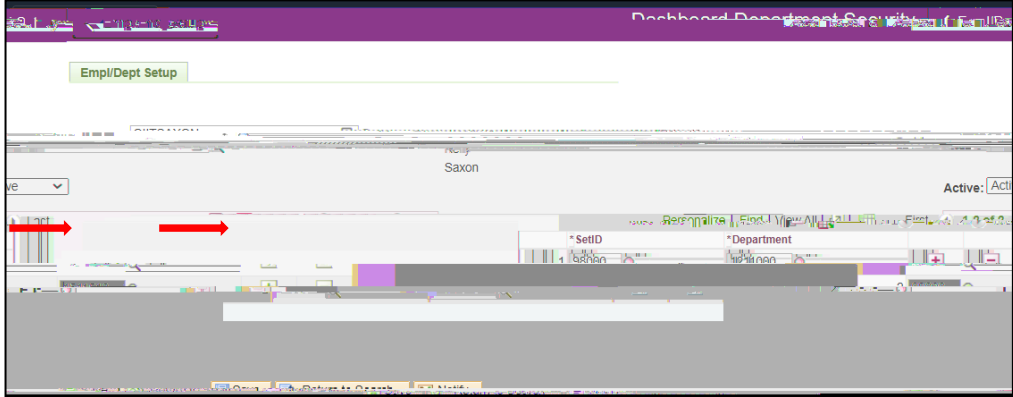

The local Security Administrator is responsible for assigning a user's security roles. Users need one of the following security roles to access the dashboard:

- BOR_AP_ALLDEPT_ACCESS: Gives users access to all departments in the Top Supplier Dashboard for their institution.
- BOR_AP_SELECT_DEPT_ACCESS: Gives users access only to the departments they manage in the Top Supplier Dashboard.
- BOR_AP_ALLPROJECT_ACCESS: Gives users access to all projects in the Top Supplier Dashboard for their institution.
- BOR_AP_SELECT_PROJECT_ACCESS: Gives users access only to the projects they manage in the Top Supplier Dashboard.

With these security roles, Department and/or Project level security will also need to be added via **PeopleTools > Security > User Profiles > Dashboard Department Security or Dashboard Project Security**

Below are step by step instructions for the local Security Administrator to add Department and/or Project level security for a user:

Step	Action
1.	Click the NavBar icon.
2.	Click the Navigator icon.
3.	Click the PeopleTools link.
4.	Click the Security link.
5.	Click the User Profiles link.
6.	Click the Dashboard Department Security link. The system navigates to the Department Setup page.
7.	Enter or search for the users User ID .
8.	<p>Enter the user's SetID and Department in the designated columns.</p> <p>Note: If a user has access to more than one department, click the plus (+) button and enter the SetID and second department.</p> 
9.	When all departments are entered click Save .
10.	For Project level security, click the Dashboard Project Security link. The system navigates to the Project Setup page.
11.	Enter or search for the users User ID .

Step	Action
12.	<p>Enter the user's Business Unit and Project in the designated columns.</p> <p><i>Note: If a user has access to more than one project, click the plus (+) button and enter the Business Unit and second department.</i></p>
13.	When all projects have been entered, click Save .

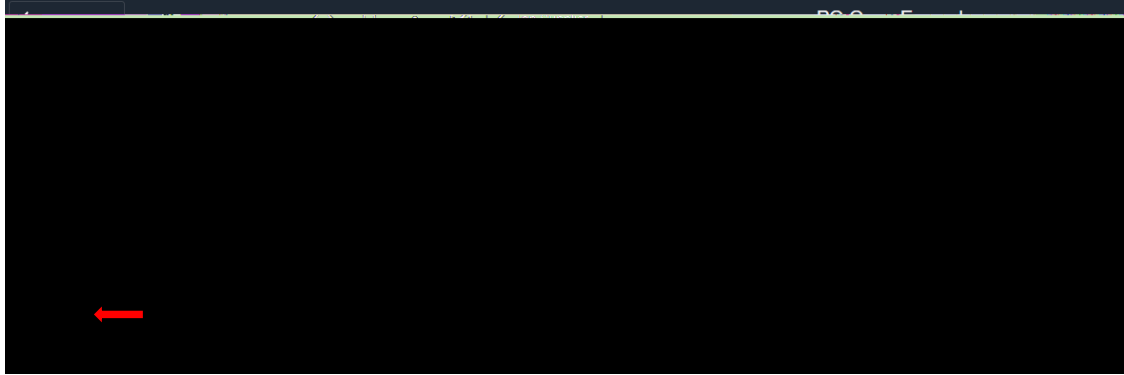

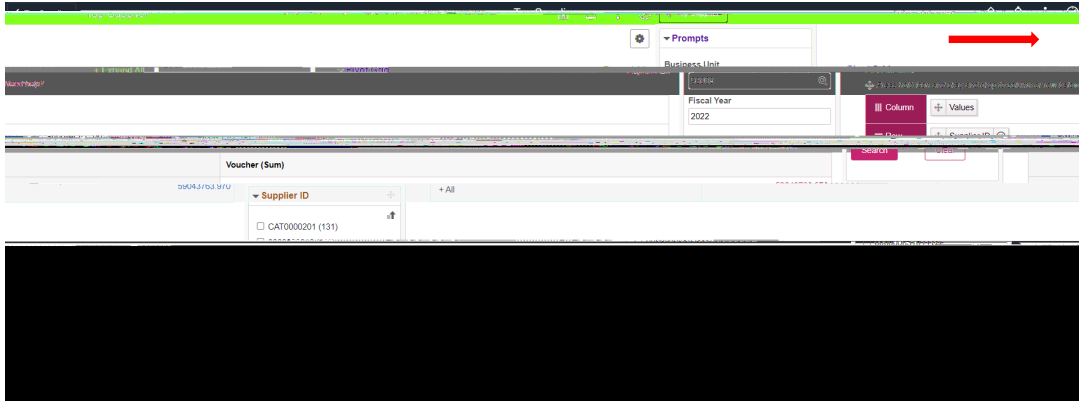

Defining User's Business Unit

The first time users open the dashboard, their business unit defaults to 97000. As a result, users need to define their business unit before working with the dashboard. Once the following steps are complete, the business unit defaults to the user's institution each time the user enters the dashboard.

Below are step by step instructions on how to set up a user's default business unit.

Step	Action
1.	Click the NavBar icon.
2.	Click the Navigator icon.
3.	Click the BOR Menus link.
4.	Click the BOR Accounts Payable link.
5.	

Step	Action
9.	<p>Click Search to populate the data for the selected business unit.</p> 
10.	<p>Click the Options Icon. A drop-down menu appears.</p> 
11.	<p>Click Save. The Dashboard is now ready for use.</p>
